

Ramsey County Workforce Investment Board
Education Committee
July 9, 2008, 2:30 – 3:30
Saint Paul College

Welcome

Update

- As a result of the reduced WIB size, the Executive Committee voted to approve the creation of a standing Education Committee at the May 2008 meeting.
- A standing committee with a regular meeting schedule would allow for more engagement by the Committee.
- An Education Committee is needed to ensure the voice of the Education Community in Ramsey County remains on the WIB.
 - Other interested WIB members could also attend the Education Committee meetings.
 - The overlap between the new committee and existing committees dealing with similar issues, like the Workforce Committee and Youth Council, will be addresses as needed.

Purpose

- Create the operating rules of the Education Committee
 - Document that provides possible operating rules (starting point with room for any changes the members so desire.)
- Once the Education Committee decides on their operating rules and purpose, the Executive Committee will review and comment on the rules prior to adoption by the Education Committee.
 - In accordance with article 7.4 of the WIB's bylaws, the WIB needs to vote on the creation of the Education Committee. This action will be requested at the WIB's August 7th meeting.
